JN KUMAR | LCI  
NAI, APRIL 16

am Vimaanas of VIT have come the Indian am in 17 years to secure a place among the first three winners of the international competition, which was awarded a prize money of USD 500 for finding third in the overall competition, missed the nd spot by just 1.3%.

new aircraft design is four times smaller," said N. Ravishankar, the seniormost member of the team. "As we wanted to develop the aircraft on our own we did not take any guid ance from faculty. All of us worked on it like an art.

The last some day-to-day objects was built by hand, using bamboo,
